

TREND

TREND is a premium top grain, upholstery leather that has been developed to give a rich, natural and comfortable feel. Trend has been slightly corrected to give it an even and plain grain pattern with a thickness of around 1.0 mm. A protective finish has been added to minimize stains. The advance protection of Trend retains the natural leather characteristics leaving them virtually unaltered. Trend is the ideal choice for those who wish to enjoy the pleasure of a comfortable, and soft quality leather that is robust and easy to clean and maintain.

Please note that leather is a natural product and every hide has its own unique characteristics. Color and grain nuances are normal and can vary from hide to hide. Common surface variations include scratches, wrinkles and healed scars. Color change will occur with time, due to use and the effect of light. Dye lot variations on hides and fabrics might occur between samples, floor stock and furniture delivered. Color might also change with time, due to use and the effect of light.
